

USPS-FY13-9
FY 2013 Annual Compliance Report (ACR) Roadmap Document

I. PREFACE

A. Purpose and Content

The purpose of USPS-FY13-9 is to help readers navigate the costs, revenues, rates, and service materials presented to the Postal Regulatory Commission by the Postal Service as its FY 2013 Annual Compliance Report (ACR) in response to 39 U.S.C. § 3652.

Specifically, with respect to the series of associated items (each denominated as “USPS-FY13-x” or “USPS-FY13-NPx”), this document briefly describes the purpose of each item, the inputs to and outputs from that item, and any changes in methodology incorporated into that item. The intent is to allow reader to understand the flow of information building to the summary data identified in the statute.

USPS-FY13-9 also includes a section responding to Commission Rule 3050.12 which covers data obsolescence.

B. Predecessor Document

The most recent predecessor document is the Roadmap document (USPS-FY12-9) found in the Postal Services’ FY 2012 Annual Compliance Report.

C. Corresponding Non-Public Document

There is no corresponding non-public document.

D. Methodology

There have been no changes in methodology for this item.

E. Input/Output

All items in this report are inputs to USPS-FY13-9.

II. ORGANIZATION

USPS-FY13-9 is organized into three sections. Section I presents, generally on an item-by-item basis, a brief description of each set of materials. As applicable, this description includes, for items in this ACR, an indication of the sources of the

inputs used, and an indication of the downstream materials that make use of the outputs. Section II identifies, again generally on an item-by-item basis, any material changes in methodology incorporated into preparation of the associated data. Section III presents information responsive to Commission Rule 3050.12 on data obsolescence.
